

## **Discrete Mathematics Seminar**

Time: Friday, 2 September 2011, 12:30-1:30 PM

Room: 238 Derrick Hall

Title: Problem Solvers – A Retrospective

Speaker: Doug Ray, Susan Morey, Eugene Curtin, Jake Manske, and Nama Namaski

Abstract:

Each week, the Texas State University Problem Solvers Group meets to discuss problems published in current mathematics journals. When a problem is solved, members of the group volunteer to formally write up solutions to be submitted to the journal for publication. Last year, a record number of problems were solved and submitted to journals. In this talk, we will present several of these problems and their solutions covering a variety of topics.
